

***Call for Workshop Proposals***  
***World Federation of Chiropractic 14<sup>th</sup> Biennial Congress,***  
***Association of Chiropractic Colleges Research Agenda Conference,***  
***National Chiropractic Leadership Conference***  
***March 13-18, 2017***  
***Due by July 15, 2016***

**Conference Theme:** The theme for the 2017 combined conference is “Patients, Policy, and Purpose: Opportunities in Spine Care.” This is a combination of three conferences.

**Purpose:** The purpose of WFC Congress, ACC-RAC, NCLC workshops is to develop the skills of attendees, especially in the areas of research and education. The workshop component of the conference focuses on the development of the research and educational capacity of the chiropractic profession through skill building and interactive workshops.

**Limited Submission:** Due to the volume of workshops and limited time in the schedule, no more than one proposal may be submitted per person, and presenters can be listed on no more than one workshop proposal.

**Selection Process:** The presenters and topics for these sessions are selected carefully and invited by the planning committee. We receive many proposals and, unfortunately, cannot accept all of them. Workshops may not include any sales pitches, selling of materials, or promotion of proprietary materials. The workshop proposal should be free of commercial bias and comply with the ethics of scholarly activities. All presentations are to be done in a noncommercial and nonself-promotional manner.

Workshop proposals will be reviewed and selected based on their strength in the following areas:

1. **Skill Building** – Workshops must provide attendees new skills and active learning strategies. Workshops should not be lectures. Workshops must dedicate the majority of time to skill building, active learning, and outcomes. The workshops should provide direct and immediate application of skills and knowledge; thus, providing a productive, developmental environment for attendees.
2. **Expertise of the Presenters** (publications and/or research in this area) – To teach others skills, workshop presenters should have substantial expertise and experience in teaching and building the knowledge base for the workshop topic area. This includes experience in teaching others in the topic area, performing research, and publishing in the topic/skill area.
3. **Targeted to a Specific Need** – One goal of WFC Congress, ACC-RAC, NCLC is, “To provide a venue for training, learning, and research development for chiropractic educators and researchers to improve the emerging research capacity, knowledge, and productivity of chiropractic.” To be sure the needs of attendees are met, each workshop proposal should address one of the following categories: Research, Education (faculty), Education (administration), or Clinical (private practice).
4. **Collaborative Teams** (teams of presenters from different institutions/organizations) – Collaborative teams provide better quality workshop presentations. Therefore, collaboration is one goal of the conference. Workshop proposals should attempt to include collaborative teams that involve individuals from more than one college. This encourages cross-college interaction, can help focus on the skill-building content of the workshop instead of a particular institution, promotes sharing wisdom from multiple campuses, and may help improve professional relationships.
5. **Diverse Presenters** – Presenters may only be listed on only one workshop proposal. Having diverse workshop presenters allows others the opportunity to be part of a workshop, provides a more interesting set of workshops, prevents burnout from attendees seeing the same presenters, and prevents issues with overlapping scheduling.

**Presenters' Responsibility for Travel, Lodging, Registration, and Other Costs:** By submitting this workshop proposal, you and your co-presenters are agreeing that each person named in the proposal will be responsible for funding their own travel, lodging, and conference registration. Any costs of the supplies or other items are the responsibility of the presenters. All presenters are required to register for the conference by the deadline indicated herein. If accepted, a detailed lesson plan, draft handouts, and draft PowerPoint presentation will be requested for your workshop.
